Dear 9th Grade,

As your 9th grade class president, I have been honored to be with you through our first year at MACCS. For many of us, this was a fantastic year and love MACCS, for others, they are still adjusting to make it just right for high school. I am very happy that we all get to be together to create all forms of art and surrounding media art. I was honored to have become the president in the beginning of the year, and have kept my promise to represent the 9th grade student body. I hope I helped make your year at MACCS a fantastic one, and we should try to make the next year much better. May we all have wonderful years at MACCS, and even have wonderful summers in between. I only regret I was unable to help the school have spirit like the last years of MACCS have had. I will try to do my part as a student to make our school environment better. We all have different personalities, and we have our own jobs to do at MACCS, even if we are trans, gay, obese, challenged, nerdy, weird, awkward, emotional, just plain different, we can be the greatest if we can come together as a youth. Make our mark where we can. GO MACCS!!!:)

Signed,
Saly Entislia
9th Grade President

Dear Class of 2015,

To start, I want to thank everyone for making me feel welcome and loved since day one. Its been a pleasure being part of SGA and serving as sophomore class president. We had a fun year filled with laughter and lots of work. This year went by so fast, but I'm glad I got to meet extraordinary people that I hope stick around till our s enior year. Thank you for making my first year at MACCS a memory I will save for ever. Hope you all have a great summer!

Love,
Wendy Gallarza

PS: Remember what Ms. Angermeier told us every Friday before the weekend "Don't drink and drive and don't make babies." Have fun and be safe.

12th Grade Letter

Dear Seniors,

It's been an honor representing our class for the past three years. Ever since I started high school in 2009 I knew that my experience was going to be different from students who went to "normal" high schools. And it really has been, in a very positive way. I have learned a lot: from how to plan, shoot, and edit a video, to writing a decent paper. I've been pushed to do things I would have never done. I've met wonderful, non-ordinary people that I don't think I would have met anywhere else on this planet. And while I am super excited for what the future holds, I will always remember and miss you. I want to wish us all the best at whatever it is that we are going to do next. I hope you have also learned and enjoyed (in your own way) your years at MACCS.

-Michelle G.

Dear Robert,

A leaving home wish for you: I wish you only the teachers who teach the way you learn best, true friends and happiness, and inspiration from a patient mentor. May the challenges be exciting and fulfilling.
~ Love, Mom

A brief 18 years ago, your mother and I were blessed with a baby boy. He grew up to be you. When I reflect on your young life, I recall many special moments that cause me to shake my head in amazement. Such as the day when my little son looked up with a big smile on his face and said "I did it!" That confident spirit will propel you to succeed in any goal you set your eyes upon. Every dad wants his son to grow up and be successful, and now part of that is to live away from your parents to establish your own identity at college. And guess what? You will succeed. I love you Son and I am truly honored to be your Father.
